

The Boys Club 118 bpm

Don't ask me who I am. Don't wonder where I'm from
Don't need to question me and there sure as hell ain't nothing that you'll share with me
You have got it all so beautifully figured out, all boys together looking out for yourselves
Don't let me in no, no, don't let me see a thing....
You in your small corner and I in mine

CHORUS

You're welcome to the.... Club, But it's the Boys Club.
And you're welcome to the.... Club, But it's the Boys Club.

They pull rank so you keep face. Any evidence of malice hidden without trace
Politically speaking it's a one horse race
You in your small corner and I in mine

CHORUS

Welcome to the.... Club, But it's the Boys Club.
And you're welcome to the.... Club, But it's the Boys Club.

Bridge

How many ways I'm eager to know
You have at your disposal, for keeping me low
Jesus bids us shine. That's not what he had in mind.

TC PAD FX for lead Vox

Don't get me wrong I like you fine
Ain't your fault it's obviously mine
Yeah, yeah, yeah, right, yeah right that's right
Yeah, yeah, yeah, right, yeah right that's right

MIC

With the no fly zone around your world. I counter attack, you say I hit like a girl
Don't like me up in your sphere, seem particularly uncomfortable if I get near
So don't let me in....
You in your small corner, I in mine

CHORUS

Welcome to the.... Club, But it's the Boys Club.
And you're welcome to the.... Club, But it's the Boys Club. **X 2**
