Currency

What is your currency what can you trade with me, what can I get from you
How will it better me. My bounty overflows like a commodity
upon the Trading Floor, push and shove your desire for it in my face,
In my face

Gotta take my time I need to know …
(You can be straight with me)
I Gotta take my time I need to know the score
You can be straight with me

You can be straight …

Enter the labyrinth you come to seek your gold you better watch your step
Might get what you're owed. Exchanging love for greed like a commodity
upon the Trading Floor. Push and shove your desire for it in my face.
In my face

Gotta take my time I need to know that
You can be straight with me
Gotta take my time I need to know that
You can be straight with me …..

Name your price, I will pay, Cash it in, Redemption Day

Name your price, I will pay,
Cash it in, Redemption Day
Name your price, I will pay,
Cash it in, Redemption
