

FUEL 91 bpm

I showed them now I'm gonna show you, give me pain I give you fire
Never good enough you were never my match,
You'll burn out my flame gets higher
Living in shadow day too bright, walkin a tight rope to stay upright
You were in love with the way I made you feel,
And I was in love

I was in LOVE

Do me wrong, keep holding me down, I do better on cruel
Never give me my dues, keep that focus on you,
starving me is my fuel
Under the spotlight I will shine, walking a tightrope to make you mine
You were in love with the way I made you feel,
And I was in love
I was in LOVE
I was in LOVE
I was

I see you, I see your deficit, blame your empty on me,
but I didn't cause it,
I didn't cause it

I'm such an easy target putting myself out there
I could let you feed on me,

Feed on me
I could let you feed on me,
Feed on me
I could let you feed on me,
wouldn't get you there

See my girl friend won't give me a like, check it out her husband did,
I'm not stupid I know something aint right.
You Give me my fuel

I Was in LOVE
