I know a predator, scary predator
He’s got an itch babe got it bad
He's gone and touched something, shouldn't have
red light, hang tight, it's inspired
No one needs to know

(Pre chorus)
And I wonder why it's so easy for you
You and your kind hiding in plain sight

(chrous)
Predator big bad wolf, predator big bad wolf
No one needs to know

He’s on your TV an honest man
A friend to children you understand
red light, hang tight, he's inspired

(Pre chorus)
And I wonder why it's so easy for you
You and your kind hiding in plain sight

Predator big bad wolf, predator big bad wolf
Waa oo wa ooo

Wow he’s a predator, he’s a predator, he’s a predator
He’s a predator, he’s a predator, he’s a predator
Wa ooo wa ooo wa ooo
Wa ooo wa ooo wa ooo

And I wonder why it's so easy for you
You and your kind hiding in plain sight

Waa ooo waa ooo waa oooooo
