

Panda Eyes 83 bpm

Feeding machines in Chuckie Cheese, talking to myself
Security considers asking me to leave
I'm over it any way, Vegas for kids
Start them young in...

A spoonful of sugar and the medicine goes down, in my bed
Seriously need to get this guy to leave
I'm over it any way, dysfunctional sex Issues here, in
America.
Cos this – America. Issues here in America

When Panda eyes look back at me,
I know I'm somewhere I shouldn't be
Clean up face another day
Making a killing in the USA
USA, USA USA

Hands to your selves kids, that's inappropriate
Six years old, already a reprobate
Break this fantasy, illusory hold on me

Eleven am, drinking again, Whiskey, from a flask Performance
anxiety, you would not believe
I'm over it any way, this script is a mess
Rewrites here, in
America. (Hands to yourself kids)

Hands to your selves kids, that's inappropriate
Six years old, already a reprobate
Break this fantasy, illusory hold on me

When Panda eyes look back at me,
I know I'm somewhere I shouldn't be
Clean up face another day
Making a killing in the USA,
The USA, the USA USA the USA

Them Panda Eyes! Them Panda Eyes! Them Panda Eyes! Yeah
Them Panda Eyes! Them Panda Eyes! They're looking back in the mirror right now.
They know I been up and out, somewhere I shouldn't have been.
I'm over it I'm over it.
Get over it. Get over it.

Panda eyes. Panda eyes. Panda eyes. Panda eyes
